

ebm-papst Inc. Environmental Policy

ebm-papst Inc. is committed to the appropriate care and maintenance of the environment from activities, products, or services which we provide to our customers.

Accordingly, ebm-papst Inc. will:

- Comply with relevant environmental laws, regulation, and standard practices.
- Work toward the reduction and prevention at the source of any potential or recognized pollution or other environmental impact resulting from our business activities.
- Provide for reuse, reduction, and recycling.
- Foster openness and dialog with customers, suppliers, employees, the community, and other stakeholders regarding its environmental management and performance.
- Establish environmental targets and objectives, and periodically review them in order to continually improve our environmental performance.
