

GreenTech[®] by ebm-papst

The logo for our customers

ebmpapst

The engineer's choice

GreenTech by ebm-papst

At a glance, our GreenTech logo signifies ebm-papst's EC-Technology and strong advocacy for continuous environmental responsibility.

GreenTech Ingredient branding

For our customers, as well as their end users, the concept of sustainability is an important factor when making a buying decision. As a result, our customers are becoming more and more interested in showing they use "GreenTech by ebm-papst" for critical components in their units. This is known as ingredient-branding: creating a brand for an ingredient or component of a product, to project the high quality of performance of the ingredient.

Our GreenTech logo is a symbol of:

Pro-active development
Eco-friendly production
Efficiency
EC Technology

How does this benefit our customers?

Symbolizes innovation
Reinforces energy efficiency
Contributes to long term cost savings
Enhances "green" initiatives

What options are available?

Part Number	Details
60018-4-8627	30 x 41 mm (8 per sheet)
60017-4-8627	50 x 68 mm (4 per sheet)
